

# INDIGENOUS- OWNED BUSINESS DIRECTORY

#NativeAmericanHeritageMonth

In celebration of Native American Heritage Month, ICIC presents our 2022 Indigenous-Owned Business Directory, featuring small businesses from across the country that are members of our Inner City Alumni Network (ICAN), having participated in one or more of our Urban Business Initiatives:

### **ICCC**

Inner City Capital Connections, launched in 2005 in partnership with Bank of America, helps match investment-ready inner city companies with growth capital. The program has served 3,836 businesses that have raised over \$2.3 billion in capital.

### **IC100**

The Inner City 100 has recognized and celebrated the fastest-growing businesses in under-resourced communities in the U.S. each year since 1999. The list is published annually and unveiled at our annual national education and awards conference in December.

### **10KSB**

ICIC partners with Goldman Sachs to identify high-potential entrepreneurs for the 10,000 Small Businesses initiative. The program connects business owners in underserved communities to a comprehensive program of education and support.

### **CSB**

Cultivate Small Business is designed to help early-stage entrepreneurs in low-income neighborhoods build and sustain their businesses, with a focus on women, minority and immigrant owned businesses in food-related industries.

ICIC is contributing to three new programs, Building for Growth, an executive education program designed by ICIC that aims to help BIPOC and woman construction contractors, Goldman Sachs One Million Black Businesses: Black in Business, a new program to help unlock growth and build wealth for #BlackWomenEntrepreneurs, and Succession Ready, a program for Rhode Island small business owners considering retirement, succession, or selling their business.

To learn more about how ICIC drives inclusive economic prosperity in under-resourced communities through innovative research and programs to create jobs, income, and wealth for local residents, visit [icic.org](https://icic.org).
